Objective

A challenging position that will broaden my knowledge and provide me with opportunities for advancement.

Experience

Order Selector

Smith's Layton Distribution, Layton, Utah

February 2020 – October 2021

Worked in a variety of departments with different climates and methods to efficiently and effectively gather products requested by store locations throughout Utah and surrounding states.

Worked alongside 20-30 colleagues to reach our goals in production, while focusing on maintaining a safe work environment.

Concrete Carpenter

Whitaker Construction, Brigham City, UT

September 2019 – February 2020

Work with multiple teams to continue the process of building well houses and pump stations throughout Orem and Vineyard.

Build forms for footings, foundations, slabs, pathways, and waterways.

Operate a variety of heavy equipment in a safe and efficient manner (forklifts including stand-up, sit-down, booming, and other attachment equipment, excavators, front-end loaders, and skid steers).

Demonstrate a quick ability to calculate all units of measurement using whole numbers, fractions, and decimals.

Strong ability to comprehend blueprints, directions, and details concerning daily tasks and clearly convey them to team members.

Urgency and time management are key to being successful in meeting deadlines and expectations.

Assistant Superintendent

Joe Witt Construction, Heber, UT

April 2018 – September 2019

Learned the process of custom home building from soil test to completion.

Oversee multiple projects alongside two other superintendents.

Schedule and communicate clear expectations with subcontractors.

Maintain open communication with our clients, designers, and architects about their expectations of us and their vision for their home.

Produce and implement actions plans for sudden changes.

Keep organized files and notes about each project, as to ensure precise execution of each step.

Pitmaster

Sugarhouse BBQ, Salt Lake City, UT

April 2017 – April 2018

Started in the back of house and was promoted to Pitmaster after 6 months of employment.

Learned techniques to prepare and smoke a variety of meats.

Manage my own time around multiple food timers, amongst other opening food prep responsibilities.

Kitchen Manager

Chipotle Mexican Grill, Hagerstown, MD

April 2015 – March 2017

Learned to check invoice and log shipment information.

Honed knife techniques and skills while keeping uniformed cut sizes.

Prepared food for service in a fast paced, high volume kitchen.

Trained new employees in the kitchen to be an effective part of the team.

Learned and implemented food safety techniques.

Lead Framer

NVR, Thurmont, MD

March 2013-January 2015

NVR hired me as a full-time employee after a year of building for the company.

Learned the proper procedure and techniques to build walls for soon to be homes.

Learned multiple departments and was an effective part of each one.

Honed my skills in multi-tasking, allowing me to get more work done, in less time.

Framer

The Callos Companies, Frederick, MD

March 2013- March 2014

The Callos Companies is a hiring agency that employed me at NVR in Thurmont, MD where I framed interior walls.

Team Member

Target Distribution, Chambersburg, PA

June 2011 –December 2012

Unloaded trailers safely and efficiently along with co-workers in a fast-paced, high-stress environment.

Certified and operated heavy machinery including: Royal Crown 5500 series Standup counterbalanced forklift, also with a clamp attachment.

Received freight quickly and efficiently into the inventory system by category.

Built pallets of products in a safe and stable manner, making warehousing easier and safer.

Comfortable and confident operating electric pallet jacks, triples, and order pickers in a safe and efficient manner.

Familiarity with distribution center processes and safety measures.

Assembler

Stromberg Metal Works, Beltsville, MD

June 2010 – June 2011

Main responsibility was the assembly, and sometimes, delivery of duct lines to the job site.

Worked

Cut, fitted and installed the insulation into the necessary lines.

Sealed the ducts properly to ensure a leak-proof and customer satisfied product.

Education

High School Diploma

Washington County Technical High School, Hagerstown, MD

Graduated June 1, 2010

Studied power mechanics at Smithsburg High School from 2006-2008. ABC certified on basic machinery and basic welding.

Studied carpentry and cabinetry from 2008-2010 at WCTHS.

Had a short-term apprenticeship with the Washington County Permits and Inspections Department where I shadowed an inspector on job sites.
